Monday the 12th is a Federal holiday (Veterans Day). That would probably be a problem for federal employees.

Good morning sir,

District 8 Council Member Tennell Atkins' office informed me Friday afternoon that Nov. 12th Monday from 6-8pm is acceptable to hold this community meeting.

Is that date possible? I believe it would be far out enough in advance for notification to property owners as well as not within the timeframes for mid term elections.

Please let me know if EPA agrees to the date so I may reserve the Highland Hills Library @ 6200 Bonnie View Road, 75241 from 5-8pm. I believe the we will be in the auditorium if able to reserve. I have not asked about availability yet but wanted to confirm if the date is acceptable by all parties.

Good morning Joseph,

I just wanted to introduce Stephen Pereira, the new Remedial Program Manager for the site, who I've cc'd on this email. I'd also like to ask what the City's input may be for the rescheduled community meeting date? Would the week of October 29th or the week of November 2nd work for the potential meeting date? Apologies for the delay. At the very least, we just need a two week lead time for preparation purposes and placing the public notice. Please let us know.

Thanks,

-Ed-

Good morning sir!

We are working with Elizabeth and Ken on the access/investigation side of things. I was wondering how the community meeting planning has gone. Did EPA ever decide on a definitive date?

Please let me know!

Hi Joseph,

Due to some staff turnover, EPA needs to postpone the community meeting until late October. We realize this may cause an inconvenience, especially with CM Atkins, and apologize for the need to delay. We'll do our best to make sure the meeting in October goes without a hitch.

Thanks for your patience.

Afternoon sir,

Pursuant to our many phone conversations today, please see my email reservation request to the Highland Hills Branch Library. I just got verbal confirmation from the librarian we have successfully reserved the auditorium there at Highland Hills.

Please let me know if there is anything else we can help EPA with this project. Also, please do remember to provide City a copy of the notice when it is sent so CM Atkins may distribute to his community stakeholders as well. Is there a tentative date for when the notices may go out?

Morning sir,

Let me debrief with Mr. McGuire, our department managing director, and see if we can facilitate a communication line with EPA and Council Member Atkins. Thank you for the update and tentative public meeting date.

I'll let you know what I find out!

Hi Joseph,

I have been attempting to contact Council Member Atkins office to work through them to get a meeting, with limited success. We would like to have one in mid to early September. I'll try one more time today, and if not I am going to work towards reserving the venue and exclude his office as the deadline for us to host a meeting is upon us. Any assistance would be welcome.

Thanks,

Subject: Lane Plating NPL next steps

Good morning Ms. Cook,

I just left a voicemail on your office phone this morning. I wanted to reach out and touch base with you regarding the Lane Plating Works, Inc. facility that was recently accepted on the NPL. We just wanted to get a grasp on the next steps and to offer any assistance EPA may need with regards to contact local stakeholders as well as informing City's elected officials.

I read that the EPA has the obligation to contact/reach the community within 3 months of listing to explain the Superfund and restoration process for this site. When EPA does hold a community meeting to discuss the Lane Plating site, we are willing to work hand in hand to provide notice of your community meeting as well as ensuring the elected official Council District 8 Mr. Tennell Atkins is present as well as other local stakeholders who may have a vested interest.

Please let James McGuire, managing director of OEQ, or myself know of anything you may need for this project. City looks forward to working with the EPA to ensuring the timely cleanup of this facility and future redevelopment.
